

As early childhood education specialists, we see that nannies play an important role in a child's life and education. Therefore we strive to train, and find work for, reliable and dedicated Lao nannies who can understand your child's development needs.

### Maid and Nanny Training

This is part of a service offering training for general household staff (for nannies, maids, cooks, gardeners and drivers) and recruitment of AIMS-trained household staff for people who are looking for good quality assistance.

It is important to have someone you can trust and rely on to take care of your children or housework while you are busy.

To enhance your trust, we offer "Maid" and "Nanny" training courses, twice a year in **November** and

**April**

. The courses are held in Lao language and offer both theory and practical work.

We can take only 30 participants on each training course. If you are interested in booking a place for your maid and/or nanny, please contact Nalinthone Phonyaphanh at [alpha.ims@gmail.com](mailto:alpha.ims@gmail.com) for further details. Please book your seat in advance as we run on a 'First come, first served!' basis.
